

Engineering Craft Apprenticeship and Trainee Engineer Programme

Are you looking for an alternative to full time college or university? At SSE, our apprenticeship and trainee opportunities can offer you the chance to earn a good wage whilst gaining an industry recognised qualification – without incurring the student debt. Not to mention the great support and training you'll get from our experienced team who'll help you learn the ropes and set you on the right path to an exciting and rewarding career.

- SSE has recruited over 1000 apprentices and trainees since 2007
- We invest £80,000 in developing the talent of each of our apprentices and trainees
- There is a 1.8% difference in the lifetime earnings of an apprentice and university graduate*
