Dear Parent/Guardian

### **Class Charts for Parents**

Today we are rolling out Class Charts logins to Parents. Class Charts is a web-based school behaviour management system that will enable you to keep track of your son/daughter's achievements points, access behaviour reports, view assigned homework tasks and track scheduled detentions. If you have more than one child at the school, you can use the same parent account to view achievement data for all your children. Class Charts for parents can be accessed via the school website, or by iOS and Android apps.

Please note that Class Charts is not a replacement for the SIMS Parent App. Progress reports will still be sent via the SIMS Parent App (which also shows attendance and your child's timetable). Instructions on the SIMS app can be found on the school website here [Parent App](#).

You will receive an activation code via email which will be sent to the email address we have linked to you on SIMS. All students have their own login and have been active in using this to keep up to date with their behaviour data and Homework.

For support with Class Charts, please use the following email address:
