

7 January 2020

Dear Parent/Guardian

Internet access and mobile data

Following the announcement from the Prime Minister on Monday 4 January of a new National Lockdown, the Government have launched a temporary scheme which increases data allowances for mobile phone users on certain networks. This is so that children and young people can access remote learning if their face-to-face education is disrupted.

Schools, Trusts and local authorities can request mobile data increases for children and young people who:

- do not have fixed broadband at home;
- cannot afford additional data for their devices;
- are experiencing disruption to their face-to-face education.

Children with access to a mobile phone on one of the following networks may be able to benefit:

- Three;
- Smarty;
- Virgin Mobile;
- EE;
- Tesco Mobile;
- Sky Mobile.

If you believe you meet the criteria, please complete the form [here](#). We will require additional information such as account holder of the device, phone number of the device and mobile network. If you do not have access to the internet and are not on one of the networks above, please complete the last question on the form. Please can you complete the form by Wednesday 13 January.

Thank you for your ongoing support in these challenging times.

Yours sincerely

Miss C Burns
Senior Assistant Headteacher
