

14 January 2021

Dear Parent and Student

BTEC Health and Social Care

I wanted to write to you as quickly as I could, as today schools have today received a letter from Gavin Williamson, the Secretary of State for Education, that all BTEC exams scheduled for February and March this year have been cancelled.

This means that you will not have your Health and Social Care exam on 5 February 2021.

I know that you will be disappointed that you will not get to take the exam that you have been working so hard for at this point in time, but please don't let this put you off. Keep working hard and we will keep you informed as we hear more about assessment measures that will be put in place.

Please rest assured that we will work as hard as we can to keep you up to date with developments. If you have concerns or questions please do not hesitate to get in contact.

Yours Sincerely

Mrs S Gibbs
Deputy Headteacher
