What we know so far?

- NO GCSE public examinations in any subject
- Guidance on the replacement will be based on teacher assessment through Centre Assessed Grades (CAGs)
- Ofqual will release more guidance in the next 2 weeks

As a school -

- We have time!
- We have already done this!
- We will keep them updated – so please ensure they are checking the website and emails.

Worries and Queries

Will the PPEs go ahead?

Yes they will go ahead at some point but for now, these are postponed.

When the date is decided, I will announce to the students and write home.

Worries and Queries

Will my son/daughter get a chance to prove themselves?

Yes!

Every time students complete and submit a bit of work, every time students complete an assessment, every time students attend a synchronous lesson, every time students sit a PPE, they are proving themselves to their teacher.

Worries and Queries

Could they get lower grades than their PPE results?

The Trust is working on a consistent model to ensure that the grades they will be awarded will be fair.

Students just need to continue to provide the staff with evidence by completing work etc.

Worries and Queries

What is used to get the CAG results?

So the plan going forward

Three Goals of the Year

To be prepared for the next stage of their education and the 'real world'.

For them to be proud and happy with the GCSE result they manage to achieve knowing they tried their best.

To leave this school feeling happy, healthy and a well rounded human being - physically, mentally and socially.
