Dear Parent/Guardian

**Holiday activity fund for free school meal children**

The Local Authority children's services (Brighter Futures for Children) have communicated the below message with schools. We have been informed that an email should have been sent to you directly from them, but we thought we would share this also in case you have missed this. It seems a great opportunity for your child/(ren).

Holiday Activity Fund

The DfE is providing funding for enriching activities, with a focus on healthy eating, for FSM children over the Easter, Summer and Christmas school holidays. A commissioning process is nearing completion with three to four providers with a potential 500 direct activities on offer over six venues. BFfC youth workers will be providing sessions for children aged 14+.

If you wish to enquire further and book a place please email [FSM@brighterfuturesforchildren.org](mailto:FSM@brighterfuturesforchildren.org). As you can imagine, places may get booked up quickly, so please make this a priority if this is something you would like access to.

Yours sincerely

**Miss C Burns**

Senior Assistant Headteacher – Safeguarding and Student Development
