Dear Parent/Guardian

Some of you will be aware that an incident in school yesterday has been the subject of social media comment. We are continuing to investigate the matter further, but I do need to let you know that many of the accusations that have been made about the actions and words of school staff are simply not true. This, of course, is the problem with social media; messages are posted and those reading assume that posts are correct and accurate and pass them on to others.

I took the opportunity to share this same message with our student community this morning. We are proud of our diverse, harmonious and tolerant school community and we will continue to support one another in all we do. Harmful rumours based on falsehoods only destroy, we are determined to move forward and build each other up.

Thank you for your ongoing support of the school.

Yours sincerely
