

8 February 2022

Dear Parent/Guardian

Summer examination series 2022

Yesterday, the Department for Education released guidance material to help focus each learner's revision ahead of their examinations this summer. This is in recognition that the majority have experienced disruption to their learning over the past two years. It is worth remembering that for year 10 and 11 learners, this examination series will be their first formal external examination experience since KS2 SATs in primary school. Please see the DfE [press release](#) for further information.

Each examination board has produced their own summary which can be found:

- [AQA Advance Information Finder](#)
- [Edexcel/Pearson Advance Information Finder](#)
- [OCR Advance Information Finder](#)

Our staff have found out this information today, and will be working through how this impacts their curriculum provision, and what support each learner will need to ensure that they are fully prepared for the summer examinations. In advance, we thank you for your patience and understanding in allowing our staff time to adjust their planning, and any amendments will be communicated to the learners in due course.

Yours sincerely

Mrs S Elliss

Director of Curriculum and Continuous Improvement
