

14 February 2022

Dear Parent/Guardian

Update on school closure

Once again, I apologise for having to close the school to students today following the fire related damage and associated water damage from the wet weekend. I appreciate this has been very inconvenient for many of you, but so many of our systems went down, we needed to put the safety of our students first (as we always do).

The good news is that, due to the heroic efforts of our IT and site teams, our systems are all back up and running and the immediate damage has been addressed. This means that the school will reopen as normal tomorrow, Tuesday 15 February.

Once again, thank you for your support.

Yours Sincerely

Mr A Johnson
Headteacher
