

18 February 2022

Dear Parent/Guardian

New Management Information System - Bromcom

Maiden Erlegh Trust recently embarked on a process to secure a new management information system ('MIS') which manages all elements of student and staff data and records. This has been necessary to address some of the technical and functional challenges our current solutions present, as well as being able to rationalise our reporting most effectively. This development brings to an end our use of multiple legacy platforms, including **Class Charts**, in favour of a single and consistent cloud-based MIS service from one of the leading education software companies in the UK – Bromcom.

Student App

As of Monday 28 February, students will no longer have access to their Class Charts app. We will be moving to a very similar looking app in Bromcom. Therefore, on Tuesday 1 March students will have an extended tutor time with access to Wi-Fi allowing them to download and then log into this app with a unique login. Students should therefore ensure they bring their smart phones to school if they have one, allowing them to login. Students who do not have access to a smart phone will be given a laptop allowing them to login online.

Parent App

As of Monday 28 February, parents will no longer have access to the Class Charts and SIMS parent apps. We are aiming to roll out logins and 'how to' guides to parents on or around Monday 7 March. Please look out for further communication on Wednesday 2 March. If you need to inform us of any changes to contact details or addresses in advance of the launch of the new My Child at School (Bromcom) app, please let us know via meroffice@maidenerleghtrust.org.

Extraordinary CPD Day – Monday 28 February

A reminder that as the software goes live across all Trust schools on Monday 28 February, school will be closed to students on this day so all staff can receive relevant training.

Yours sincerely

Mr A Johnson
Headteacher
