

14 March 2022

Dear Parent/Guardian

### **Year 9 - Year 11 Parent Revision Support Guide**

To support our students with their revision as they move through the school we have purchased copies of the parent guide "How Parents Can Help" by Tim Foot. This is a guide offering suggestions and tips for parents with supporting your child with revision. Further information on the guide can be found [here](#). This book will be given to students in Y9 – 11 during morning tutor this week (week commencing 14 March). We will be providing one copy per family, therefore, please be aware that should you have more than one child in the school the revision guide will be given to the eldest child to take home to pass on to you.

The book covers the following content:

- What is My Role as a Parent?
- Getting Started
- 1. Motivation
- 2. Revision Planning
- 3. Revision Sessions
- 4. Revision and Memory
- 5. Thorny Issues
- 6. The Reluctant Student
- 7. Exam Stress
- 8. Sitting Exams

As a school we feel this is a great opportunity to continue our relationship with yourselves in supporting our students through their school journey.

Yours Sincerely

**Miss B Davies**  
Head of Year 11
