

18 May 2022

Dear Parent/Guardian

**Special Consideration 2021-22**

Please can I direct your attention to the Special Considerations page on our website via the link [here](#).

Special Consideration is a mark applied for after an examination is sat to students who were disadvantaged when they sat it, or where unable to sit it due to an acceptable reason. If the student feels they were disadvantaged during an exam, then they should complete 'Special Consideration Form 2021-22' as soon as possible after the exam and return it to the Examinations Officer. If they miss an exam due to illness, then they should complete 'Form 14 Self Certification Form' and return it to the Examinations Officer as soon as possible after the examination.

Yours sincerely

*J Gale*
