Dear Parent/Guardian

ClassCharts for Parents

As you are aware, Maiden Erlegh Trust embarked on a process last year of moving to a new management information system ('MIS'), 'Bromcom'. This system manages all elements of student and staff data. The transition was necessary to address some of the technical and functional challenges that our IT solutions presented at that time.

This development brought an end to us using ClassCharts, which had been widely used at Maiden Erlegh School in Reading and which had facilitated effective communication with parents through the ClassCharts app. We were at that time unable to continue using this platform due to Bromcom and ClassCharts not working in synergy. This position has since changed and so we would like to return to using ClassCharts, both within school and for communication with parents. We will continue to use the Bromcom app, principally for the sharing of academic data and reports.

We will be sharing ClassCharts logins with you today. For any parents who are not familiar with the platform, ClassCharts is a web & app based school behaviour management system that will enable you to keep track of your son/daughter's achievements points, access behaviour reports, view assigned homework tasks and track scheduled detentions as well as many other things. If you have more than one child at the school, you can use the same parent account to view achievement data for all your children. ClassCharts for parents can be accessed via the school website, or by iOS and Android apps.

You will receive an activation code via email which will be sent to the email address we have linked to you on the Bromcom app. All students have their own login and have been active in using this to keep up to date with their behaviour data and homework.

For support with Class Charts, please use the following email address:
parentclasscharts@maidenerleghschool.co.uk

Alternatively, please read the quick start guide – link below.
