

1 November 2023

Dear Parent/Guardian

Year 7 Maths Classes

Having got to know our new year 7 students since they started with us in September, we will be making some changes to some of the Year 7 Mathematics groups. This means, that your child may have a new Mathematics teacher from Monday 6 November.

We are making these changes as we believe that in the new groups, we will be able to better support every student in year 7 to both enjoy Mathematics and make progress in the subject.

All groups will continue to cover the same curriculum, so no student will be disadvantaged by these changes.

If you have any questions or queries, please do not hesitate to get in touch with myself or Mrs Chakera, Head of Mathematics.

Yours Sincerely

D. Nemeth

Miss Nemeth
Curriculum Leader, KS3 Maths
