

14 November 2023

Dear Parent/Guardian

Year 10 READYCON nationwide online broadcast Thursday 30 November 2023 P1

I am writing to make you aware of an opportunity that your child has during their normal period 1 lesson on Thursday 30 November.

READYCON is an event that provides secondary school students with an overview of current trends in selected industries. Consequently, they can make more informed decisions when choosing their future career path. READYCON's vision is to annually support tens of thousands of students in preparing for their future within the world of work and support their smooth transition from the school desk to a meaningful career.

There will be 8 broadcasts relevant to different industries from 9:10 am to 10:10 am. Students will be made aware of the 8 broadcast options (see below for information) during their tutor time and will be able to select their preferred option. They will then be told which room to go to for P1 on Thursday 30 November and will watch the broadcast on their preferred industry.

The 8 broadcasts they will be able to choose from are:

- Trends in Electrical Engineering
- Trends in Information Technology
- Trends in Civil Engineering
- Trends in Mechanical Engineering
- Trends in Marketing & Management
- Trends in Trade & Services
- Trends in Healthcare
- Trends in Finance

Thank you for your continued support.

Yours sincerely

Mr Tomsett
Coordinator of higher ability and gifted student provision
