

# YOUNG VOICES

## **WHAT WE DO**

**Young Voices is a group of young people from across Reading who come together to discuss and share issues that matter to us.**

**We also work with decision makers across Reading to help the voices and experiences of young people to be heard and influence the decisions they make.**

**By participating in different social action projects, you will be awarded AQA Unit Award Certificates.**

## **WANT TO TAKE PART?**

**We are always looking for more young people to join Young Voices!**

**Find out more and express your interest via:**
