

20 May 2026

Dear Parents/Guardians,

Water Bottles

From after half term, MER water bottles will be available to purchase for £2 from both the canteen and Student Services. For purchases made in the canteen, the cost will be taken from students' catering accounts, while cash payments will be accepted at Student Services.

All bottles will be cleaned and ready to use when purchased, and there will be space for students to write their name on them using a permanent marker.

These bottles are reusable and should be looked after so that students can use them daily. Staying well hydrated is very important, as it supports concentration, energy levels and overall wellbeing.

From September, a water bottle (it does not have to be an MER bottle) will be included on the school equipment list. We therefore encourage students to purchase one ahead of time.

Yours sincerely

Mrs J Gale

Operations Manager
