

**22 June 2026**

Dear Parent / Guardian

### **School Closure – Red Weather Alert**

This morning, the Met Office upgraded the weather warning for our local authority area from Amber to Red. Further details about the significance of a [Red weather alert can be found here](#).

In response to this guidance, Maiden Erlegh Trust schools will be physically closed on **Wednesday 24 June** and **Thursday 25 June**. During this time, we (MER) will implement our remote learning plan. Work will be set for all students using their Google classrooms. We will ensure all students are aware of arrangements tomorrow.

Whilst we appreciate the inconvenience that short-notice school closures may cause for parents, the health and safety of our students and staff must remain our top priority.

In addition, the school will close early tomorrow, **Tuesday 23 June**. Students will be dismissed at 12:35pm. All students should go straight home to be out of the afternoon heat. Tesco e-vouchers are being arranged to cover the closure period on Wednesday and Thursday.

Currently the forecast eases on Friday and, as it currently stands, schools will reopen physically on **Friday 26 June**. We look forward to seeing everyone back in school then.

Yours sincerely

**Mrs S Gibbs**  
Headteacher
