

FUTUREWISE CAREER INSIGHT EVENTS

2017/18

Unsure what subjects to study? Want to learn more about university courses or discover your career path? Our Futurewise career insight events will really help you.

What are Futurewise career insight events?

The events give students in years 11–13 (S4–6 in Scotland) the chance to meet with professionals from industry and learn what it is really like to work in their field.

The events take place at employer workplaces and universities, giving you the chance to gain real insight and experience new environments.

Take part in networking sessions, hands on activities, learn valuable skills and meet new friends from other schools. All of this will help you prepare for your next steps and set you up for success in years to come.

Why should you attend?

- Discover a range of post 18 options in a career area
- Decide whether it is the right career for you
- Network with business professionals and other students
- Stand out from the crowd on your personal statement and CV
- Make friends with like-minded students and have fun!

"Really helped me to find what aspect of psychology to work in. Very helpful!"

Student-Psychology event
